DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

5716 York Road is of the 1950's Moderne architectural style. The identifying characteristics of Moderne architecture in this building are the simple, un-ornamented lines and planes of the facade. The second story ribbon window with a concrete surround has plain black panels dividing the fixed l/l windows into three groups. The varying angles of the floor plan, the use of undecorated stone on the first story, and the second story overhang on the right which is supported by two plain concrete piers contribute the overall 50's effect. The building is constructed of red brick set in a variation of common bond (every seventh row has alternating headers and stretchers).

5716 York Road is situated just north of the hub of Govans, York Road at Bellona Avenue.

BUILDER/ARCHITECT

STATEMENT OF SIGNIFICANCE

5716 York Road demonstrates that York Road in Govans was becoming a prime location for office space during the 1950's. Many buildings of commercial or office use have been constructed on York Road between Bellona Avenue and Northern Parkway since World War II. This building, of the Moderne style of architecture, is a typical example of the earlier office buildings to be erected in Govans.

The office of the York Road Planning Area Committee is located in this building.
